

# 6 Common Interview Questions and What Skills They Are Testing For

Companies use these questions to evaluate your soft skills.

## Adaptability

"Tell me about a time when you were given a task in which you had little experience? How did you handle that task?"

"Describe the management style of the best boss you have ever had."

## Culture Fit

## Collaboration

"What do you like about managing people?"

"How do you normally handle working with a difficult patient or client?"

## Leadership

## Growth Potential

"What does your dream job look like?"

"You return to work after a 10 day vacation. How do you choose what tasks to catch up on first?"

## Prioritization
