Differentiators

We ensure a thorough search process through proven recruitment strategies, leadership in the larger healthcare community (regional and national), networking, and an extensive, proprietary database of candidates. What sets us apart is our foundation, rooted in integrity, partnership, leadership, dedication, strategic marketing, benchmark-setting, and seamless alignment with our clients' goals.

Diversity, Equity, and Inclusion

At Tal Healthcare, we foster a culture of belonging and compassion. We strive for continuous improvement in our work environment. We continue to embed Diversity, Equity & Inclusion (DEI) into our business decisions. We are committed to leveraging diversity and fostering inclusion to deliver the best employee, candidate, and client experience.

Addressing the Looming Physician Shortage

We are committed to collaborating with health networks, medical practices and community clinics to navigate the significant physician shortages facing the nation. By leveraging our extensive network, resident engagement initiatives, advanced technology capabilities, and proactive recruitment, we bring top talent to our clients.
